## **UPCOMING CALLS/EVENTS**

***Ambient Air Quality/EPA/NTAA/Tribes***

**Save the Date and Help Out!**

**The Institute for Tribal Environmental Professionals (ITEP) and National Tribal Air Association (NTAA) are beginning to plan the 2018 National Tribal Forum on Air Quality (NTF) which will be held May 14-18, 2018.** We are recruiting tribal, EPA and other staff who are interested in helping to shape the agenda and make it as informative and interactive as possible. For your reference, attached is a copy of last year's NTF Agenda.

To do this, form workgroups around the various sessions that are planned and are seeking volunteers to help contribute to the workgroups. If you are interested, please submit your name on the form linked below and we will include you in the workgroup(s) of your choice. You may also invite others from tribes, EPA, state/local governments, etc. You can [volunteer for NTF planning workgroups here](#).

**NTAA Upcoming Calls.** The toll-free number is 1-800-309-2350. If you do not need to call toll free, or would like to help conserve NTAA funding, you can call 1-805-309-2350. Both numbers use code 928-523-0526#. Please remember to contact [Andy.Bessler@nau.edu](mailto:Andy.Bessler@nau.edu) if you have any questions about any call!

<b>Volkswagen Settlement Work Group:</b> Stay informed about the VW settlement with these monthly calls	Thursday, November 2, 2pm ET <b>*Note that this a change in date*</b>
<b>Indoor Air Quality Work Group:</b> Help implement the IAQ work group priorities	Thursday, November 16, 2pm ET
<b>EPA Policy Update Call:</b> Receive updates from EPA	Thursday, November 30, 2pm ET

**ITEP's Climate Change Adaptation Training Courses registration is now online!** [Learn more about the courses and register here.](#)

**The Institute for Tribal Environmental Professional's (ITEP's) [Tribes and Climate Change Calendar](#)** includes conferences, trainings, webinars and other events related to tribes and climate change.

[Click here](#) for ITEP's new Tribal Environmental Management and Planning Online Courses. New courses have been added, so check it out!

**ITEP's [2017 and 2018 AIAQTP Course Schedule](#)**

<b>Course Title</b>	<b>Dates</b>	<b>Location</b>
<b>2017</b>		
IAQ in Tribal Communities (lower 48)	November 6-8	Albuquerque, NM
Treatment As a State (TAS)	November 14-16	TAMS Center, Las Vegas, NV
Fundamentals of Air Monitoring	December 4-6	TAMS Center, Las Vegas, NV
<b>2018</b>		
Introduction to Tribal Air Quality	January 9-12	Flagstaff, AZ
IAQ Diagnostic Tools	February 6-9	TAMS Center, Las Vegas, NV
Air Quality Computations	February 27- March 2	Phoenix, AZ
Air Pollution Technology	March 13-16	Flagstaff, AZ
Air Quality Planning for Wildland Smoke (hybrid course)	March 27-28	Boise, ID
GIS for Air Quality	April 17-19	TAMS Center, Las Vegas, NV
Air Quality in Alaska	April 17-20	AK
Management of Tribal Air Programs and Grants (lower 48)	May 1-3	TBD
NTF	May	TBD
Air Pollution & Ecosystems	June 5-8	Flagstaff, AZ
Building Performance: Improving IAQ in Cold Climates	Open	Online
Residential Building Science Review	Open	Online
Radon Fundamentals	Open	Online
Quality Assurance (QA) Fundamentals	Open	Online
Emissions Inventory (self-paced, instructor assistance as needed)	Open	Online
Air Quality Planning for Wildland Smoke	January-March	Hybrid (webinars/ classroom)

Note: This schedule is subject to change. [Click here](#) for up-to-date information, course descriptions, and applications. If you have questions regarding the pre-requisites or your eligibility for this course, please contact Patricia Ellsworth, Air Quality Curriculum Coordinator, at [Patricia.Ellsworth@nau.edu](mailto:Patricia.Ellsworth@nau.edu) or phone 928-523-6721. For more information, please visit [ITEP's website](#).

### **EPA Tools and Resources Webinar: Monitoring Cyanobacteria with Satellites November 15, 2017, 3:00-4:00 PM ET**

After 40 years of using satellites to measure changes in the ocean, this technology is now coming of age to be used for water quality monitoring in lakes and reservoirs. Trade-offs between existing operational satellite platforms will be briefly reviewed along with the primary water quality indicators that can be derived to protect public health and the environment. EPA scientist Blake Schaeffer will highlight how federal agencies (EPA, NASA, NOAA and USGS) are collaborating to use real-world satellite applications that support environmental management of US lakes by quantifying cyanobacterial harmful algal blooms (CyanoHABs) and related water quality parameters. This webinar will also discuss how provisional satellite derived cyanobacteria data and three different software tools are available to state environmental and health agencies for review and testing as part of the Cyanobacteria Assessment Network (CyAN).

To join the webinar, please [register here](#). If you are unable to listen through your computer speakers, please dial: 1-866-299-3188, access code: 202-564-6669. Please note telephone lines are limited and muted during the webinar. Please contact Lisa Matthews ([matthews.lisa@epa.gov](mailto:matthews.lisa@epa.gov)) for more information or Amy Scheuer ([scheuer.amy@epa.gov](mailto:scheuer.amy@epa.gov)) with registration questions.

Additional information and webinar recordings can be [found here](#).

**On November 17, from 1:00 to 2:00 p.m. EST, PEPH will be hosting a webinar focused on [wildfires and human health](#).** Please register and join us as presenters discuss how the environmental exposures associated with wildfires affect human health and the approaches being used to develop targeted risk communication about wildfires.

## ***Climate Change / Energy***

## ***Toxics/Mobile Sources***

**The U.S. Environmental Protection Agency (EPA) would like to invite your environmental organization to send your hazardous waste site project**

**managers to the National Association of Remedial Project Managers (NARPM) Training Program, December 4 – 8, 2017 in Denver, Colorado.**

The training program provides Superfund Remedial Project Managers (RPM) classroom training on innovative approaches to cleaning up hazardous waste sites, improve community and stakeholder outreach, enhance project management skills, and lessons learned through sharing case studies. Additionally, the training program provides an excellent opportunity for EPA, tribal and state partners RPMs to coordinate and network.

This year's training program focuses on:

- Community Engagement and Environmental Justice
- Investigation, Design, Remediation and Post Construction
- Technology and Contaminant-Specific Topics
- Project Management
- Optimal Cleanups

There are no registration or tuition fees to attend the training program. **Each entity is responsible for travel and per diem for their employees.** The training program is only intended for employees of federal, tribal, state, and local government agencies; contractors are not permitted to participate in the training program. Information about logistics, travel and lodging, registration and course descriptions is available online at [www.trainex.org/narpm2017](http://www.trainex.org/narpm2017).

As needed, please coordinate with Anne Dailey, EPA Office of Superfund Remediation and Technology Innovation (OSRTI) Superfund Tribal Coordinator, at [dailey.anne@epa.gov](mailto:dailey.anne@epa.gov), Gary Turner, EPA OSRTI at [turner.gary@epa.gov](mailto:turner.gary@epa.gov) or Leslie Leahy, EPA OSRTI, at [leahy.leslie@epa.gov](mailto:leahy.leslie@epa.gov) who can assist you with any questions or provide additional information about NARPM.

## ***Indoor Air Quality***

### **U.S. EPA's Indoor Air Quality Tools for Schools Presents a Webinar:**

**A Proactive Approach to IAQ: Saving Money and Protecting Health with Preventative Maintenance, Thursday, November 9, 2017 11:00 AM - 12:30 PM MST. [Register here.](#)**

Followed by an Expert Panel Question-and-Answer Session

Webinar participants will learn how to—

- Replicate the best practices of school district mentors to identify and implement the major components of an effective preventative maintenance program—proactive routine and regular maintenance and repair—to ensure that equipment and facilities perform reliably.

- Integrate preventative maintenance and indoor air quality (IAQ) management strategies to save money and protect health.
- Communicate the benefits of preventative maintenance practices in schools, such as a high return on investment, improvements in equipment longevity, and a reduction in unexpected and often costly repairs.
- Develop a business case, a value proposition and a communication strategy that generate broader acceptance of, compliance with and funding for IAQ preventative maintenance strategies.

EPA offers free IAQ Tools for Schools resources—including the School IAQ Assessment Mobile App—to help schools maintain a healthy indoor environment by identifying, correcting and preventing IAQ problems. Learn more about the IAQ Tools for Schools guidance and access other valuable school environmental health resources at [www.epa.gov/iaq-schools](http://www.epa.gov/iaq-schools). If you have any questions about the IAQ Tools for Schools guidance, please contact the IAQ Tools for Schools Connector Coordinator at [iaqschools@epa.gov](mailto:iaqschools@epa.gov).

## RESOURCES

### ***Now Hiring!***

#### **Southern Ute Indian Tribe hiring an Air Quality Technical Manager**

##### Job Title

Air Quality Technical Manager - Closes 11/2/2017

##### Closing Date

Position closes at 5:00 pm Mountain Standard Time on 11/2/2017.

##### Position Summary

Under general supervision of the Air Quality Program Manager, manages the technical and regulatory tasks of the air permitting section and directs Air Quality Planning and Minor Source Program development of the Reservation Air Program. This position is a grade 23 / \$33.46/hour.

##### Education and Experience

Must have a BA/BS in Engineering, Environmental Science, Natural Science, or related field.

\*Must have 3 years of applied experience in air permitting and compliance.

\*Must have general knowledge of Federal and Tribal air quality regulations.

\*Must have general knowledge of industrial processes (e.g., general operation of a natural gas compressor facility).

Must have computer experience in software programs including Microsoft Word, Excel, and database applications.

Must have a valid Driver's License for state of residency and be insurable under the Tribal Vehicle Insurance Policy.

Must pass a thorough background check including, Criminal History, Colorado Central Registry, fingerprint check, and pre-employment drug test.

Company

Southern Ute Indian Tribe

Job Location

Ignacio, CO

How to Apply

Please apply online at: <https://careers.southernute.com/pfund>

**Assistant or Associate Professor of Indigenous and Environmental Studies at Bemidjii State University**

CLOSING DATE: November 1, 2017

**RESPONSIBILITIES:**

- Teach courses in the areas of Indigenous Studies and Environmental Studies.
- Work with members of the Indigenous Studies and Environmental Studies programs to create curriculum for the new Indigenous Studies/Environmental Studies (IS/ES) Sustainability degree program.
- Develop and teach new undergraduate and graduate courses presenting both IS and ES perspectives.
- Lead efforts throughout the three-year grant period to start the necessary long-term conversations with faculty in all departments at BSU about incorporating Indigenous Knowledge and Sustainability perspectives into existing courses.
- Contribute to a program of scholarship, student advising, service to the University and community, and other associated faculty duties.
- Contribute to interdisciplinary teaching and involvement in activities that support Bemidji State University's shared fundamental values: Environmental Stewardship, Civic Engagement and Leadership, International and Multicultural Understanding, and Belief in the Power of the Liberal Arts.
- The successful applicant will be expected to contribute to a collegial and supportive environment that advances the goals of the University.

**QUALIFICATIONS:**

**Minimum:**

- Earned Master's degree from a regionally accredited institution at the start of employment.
- Experience with and understanding of Indigenous Knowledge.
- Graduate academic background in an area of the natural sciences or allied field.
- Meet Higher Learning Commission faculty credentials in the areas of Environmental and Indigenous Studies.
- Demonstrated commitment to quality teaching.

**Preferred:**

- Earned doctorate from a regionally accredited institution at the start of employment.
- Interest/experience in curriculum development.
- Teaching experience.
- Experience working with Indigenous communities.
- Skills/ability to design and deliver online courses.
- The applicant should demonstrate a knowledge of and interest in diverse cultures and populations.

[More information here.](#)

### ***Ambient Air Quality/EPA/NTAA/Tribes***

#### **EPA Tools and Resources Webinar Series**

Usually held the third Wednesday of every month from 3:00-4:00 PM ET

Who should attend? Representatives of state environment and health agencies, tribes, local governments, communities, and others interested in learning about EPA tools and resources available to help inform decision-making.

[Access past webinars and learn more here.](#)

### **HOST SITES NEEDED FOR SUMMER INTERNSHIP PROGRAM**

#### **Submit your application by January 19, 2018!**

The Institute for Tribal Environmental Professionals – Environmental Education Outreach Program at Northern Arizona University in Flagstaff, Arizona is seeking air quality focused offices and programs to host a college student for an 8-week summer internship. Tribal environmental offices, EPA offices, and other tribal environmental organizations are encouraged to apply. Please feel free to pass the announcement on to anyone who may be interested in applying as a host site. Projects MUST focus on addressing air quality issues in tribal communities.

For detailed information on the internship and requirements, see the attached flyer or visit our internship web-site:

<http://www7.nau.edu/itep/main/eeop/Internships/>

FOR QUESTIONS, PLEASE CONTACT the ITEP Intern Coordinator:  
[EEOP-INTERN@nau.edu](mailto:EEOP-INTERN@nau.edu)

### **No-Cost Technical Assistance from DOE**

The DOE Office of Indian Energy provides federally recognized Indian tribes, including Alaska Native villages, tribal energy resource development organizations, and other organized tribal groups and communities, with technical assistance to advance tribal energy projects at no cost. Technical experts from DOE and its national laboratories, along with other partnering organizations, provide support to assist Indian tribes and Alaska Native villages with energy planning, housing and building energy efficiency, project development, policy and regulation, resilience, and village power.

For more information, visit the on-request [technical assistance description](#).

To view and/or receive ITEP's American Indian Air Quality Training Program newsletter, [Native Voices, click here!](#)

### ***Climate Change/Energy***

Sign up for the [Alliance for Green Heat](#)'s newsletter!

To view and/or receive ITEP's [Climate Change newsletter, click here!](#)

### ***Toxics/Mobile Sources***

### ***Indoor Air Quality***

The NTAA Indoor Air Quality (IAQ) Work Group hosted a webinar on the topic of **IAQ & Methamphetamine on Thursday, Oct 19, 2017**. We invite you to watch and learn more about this ongoing problem in Tribal communities and the sensitive challenges it presents for families across Indian Country. [Click here to watch now.](#)

*[Back to Table of Contents](#)*

## **FUNDING OPPORTUNITIES**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

#### **The Center for Indigenous Politics and Policy (CIPP) is accepting applications for the Native American Political Leadership Program (NAPLP) for Spring 2018**

NAPLP is a full scholarship program for American Indian, Alaska Native, and Native Hawaiian undergraduate and graduate students to study applied politics at the George Washington University in Washington, DC. As part of the Semester in Washington Politics program, NAPLP is funded by a generous gift from AT&T. The scholarship covers up to nine credits in tuition, on-campus housing, round-trip air travel, and a stipend for books (\$250) and living expenses (\$2,400 in two installments). Students also have the opportunity to have an internship in places such as a congressional office, national tribal organization, or a federal agency, and to develop lasting connections with a cohort of Native American students from across the country.

Students may apply online at [www.naplp.gwu.edu](http://www.naplp.gwu.edu). Applications are due November 1, 2017. Please contact the NAPLP office at 202-994-3284 or at [naplp@gwu.edu](mailto:naplp@gwu.edu) with any questions you may have.

#### **The Department of Homeland Security Notice of Funding Opportunity: FY2017 Pre-Disaster Mitigation**

The Pre-Disaster Mitigation (PDM) program makes available Federal funds to State, Local and Tribal Governments to implement and sustain cost-effective measures designed to reduce the risk to individuals and property from natural hazards, while also reducing reliance on Federal funding from future disasters. The PDM program strengthens national preparedness and resilience and supports the mitigation mission area in the National Preparedness System and National Preparedness Goal.

##### Key Dates and Times

Date Posted to Grants.gov: 07/10/2017

Application Start Date: 08/14/2017

Application Submission Deadline: 11/14/2017 at 03:00:00 PM [Eastern Time]

Anticipated Funding Selection Date: 01/30/2018

Anticipated Award Date: 12/30/2018

For more information, visit [this FEMA webpage](#).

## **FY 2017 Economic Development Assistance Programs, Department of Commerce**

Full details [here](#)

There are no submission deadlines under this opportunity.

Funding range: \$100,000 to \$3,000,000

The Economic Development Administration (EDA) solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive-merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new Economic Development Assistance Program Federal Funding Opportunity announcement.

### **U.S. EPA Air Grants and Funding:**

EPA's Office of Air and Radiation (OAR) announces competitive funding announcements for projects and programs relating to [air quality](#), [transportation](#), [climate change](#), [indoor air](#) and other related topics. [This page](#) provides access to information about current funding opportunities under 'Open Announcements' and also provides as a reference tool, all previously announced funding announcements listed below and in archives under 'Closed Announcements.'

## ***Climate Change/Energy***

### ***Toxics/Mobile Sources***

#### **2017 Tribal Request for Proposals (RFP) Diesel Emissions Reduction Program (DERA) now open!**

We are excited to announce a funding opportunity for tribal governments and Alaska native villages. EPA's Office of Transportation and Air Quality is soliciting proposals nationwide for tribal projects that achieve significant reductions in diesel

emissions in terms of tons of pollution produced by diesel engines and diesel emissions exposure, particularly from fleets located in areas designated as having poor air quality. EPA anticipates awarding \$1.5 million in DERA grant funding under this announcement.

**Important dates**

Thursday, October 5, 2017	RFP Opens
Thursday, November 9, 2-3:30 pm (ET)	<a href="#">Webinar #2</a> Dial-In - 866-299-3188; Passcode 3439147#
Thursday, January 18, 2018; 11:59 pm (ET)	RFP Closes – Proposals Due
Spring 2018	Anticipated Notification of Selection
Spring/Summer 2018	Anticipated Award

**Eligible Entities**

Eligible entities include tribal governments (or intertribal consortia) and Alaska native villages which have jurisdiction over transportation or air quality.

**Eligible Vehicles and Technologies**

Eligible diesel vehicles, engines and equipment may include buses, Class 5 – Class 8 heavy-duty highway vehicles, marine engines, locomotives and nonroad engines, equipment or vehicles used in construction, handling of cargo (including at a port or airport), agriculture, mining or energy production (including stationary generators and pumps).

Eligible diesel emission reduction solutions include EPA or California Air Resources Board verified emission control technologies such as exhaust controls, cleaner fuels, and engine upgrades, idle reduction technologies, aerodynamic technologies and low rolling resistance tires, certified engine repowers, clean alternative fuel conversion kits, and/or certified vehicle or equipment replacement.

**Additional Resources**

For detailed information on eligibility and application requirements, please review the 2017 Tribal Request for Proposals (RFP) on the following webpage:

[www.epa.gov/cleandiesel/clean-diesel-tribal-grants](http://www.epa.gov/cleandiesel/clean-diesel-tribal-grants).

**For questions, please contact:**

Lucita Valiere DERA Tribal Lead EPA Region 10 Phone: 206-553-8087 Email: [valiere.lucita@epa.gov](mailto:valiere.lucita@epa.gov)

**Request for Nominations (RFN) for the 2017 Round of the Alternative Fuel Corridor Designation process has been issued by the Federal Highway Administration (FHWA)**

This RFN was issued directly to the FHWA Division Offices, which are located in each state, who in turn will forward it to their respective State departments of transportation (DOT) and metropolitan planning organizations to streamline the process.

The 2017 RFN includes infrastructure coverage criteria for each fuel type, information to be included in the nomination (narrative and technical), points of contact, and direction on submittals. Some items of note and changes from the initial round of nominations:

1. The due date for ALL nominations is **COB November 30, 2017**.
2. Instructions on how/where to submit your designation proposal are contained in the RFN.
3. The RFN requires more corridor/station specific information to be included in the nomination proposal, such as station addresses, first and last fueling station on the corridor, distances between stations, connector type for EVSE, and corridor map.
4. Provides ability to nominate new corridors or add fuel types to existing corridors from the initial round
5. Focus is on Interstate highways but allows for a compelling case to be made for other roads/routes
6. Requires a description of the plan for signage on the corridor
7. GIS shapefiles required
8. Only DCFC sites will be considered for EV Corridors this round (i.e. no Level 2 sites)

A webinar will be scheduled in the near future to provide information on the nomination to stakeholders and answer questions. In addition, a set of Frequently Asked Questions will be developed and will be posted on the AFC Web site in the next several weeks.

Additional information on the Alt Fuel Corridor Designation process can be found at:

[https://www.fhwa.dot.gov/environment/alternative\\_fuel\\_corridors/nominations/index.cfm](https://www.fhwa.dot.gov/environment/alternative_fuel_corridors/nominations/index.cfm)
